- **Other Skills:** Git / Github, Retool, REST API, JSON, XML, XSLT

EXPERIENCE

Solutions Analyst - CaseCenter (Web Development) - GDS Link LLC

August 2023 - January 2026

- Optimized loan origination systems for global banks by engineering resilient front-end and back-end solutions, enhancing reliability and user experience, and resolving critical production issues to ensure uninterrupted operations.
- Transformed complex credit bureau XML data into clear, actionable reports, streamlining decision-making and enabling faster, more accurate credit assessments across Lexis Nexis, Experian, and TransUnion integrations.
- Modernized legacy projects through rigorous testing and cross-functional collaboration, strengthening system performance and delivering scalable solutions aligned with global business goals.

Freelance Full- Stack Web & Mobile Developer - (Part-time)

April 2024 - December 2025

- Delivered full-stack web and mobile solutions as a freelancer, including a Mechanic Booking App with real-time notifications, online payments, and integrated maps, and an Athlete Monitoring App built in React Native for performance tracking—empowering students to launch polished capstone projects with real-world functionality and actionable insights.

EDUCATION

- Bachelor of Science in Information Technology with Specialization in Web and Mobile Application - FEU Institute of Technology (*August 2018 - September 2023*)

CERTIFICATIONS

- Information Technology Specialist in HTML & CSS by Certiport, a Pearson VUE Business
- Microsoft Technology Associate: Database Fundamentals by Microsoft
